

NYS 4-H Rabbit Project Record

Member's Name _____

Address _____

Number of years enrolled in 4-H Rabbit Project _____ Age _____

County _____ Club _____

Project Year _____

My goals this year _____

Acknowledgements

This project record was developed by members of the New York State 4-H Rabbit & Cavy Advisory Committee. Special thanks go to the Cornell Cooperative Extension Associations of Onondaga, Erie, Orleans, Cayuga, Ulster, Orange, Saratoga, Schoharie and Tompkins for providing volunteer editors and contributors. The intent of this record book is to supply New York youth with a uniform project record format that can be adapted to fit local needs and situations. Whether children choose to raise rabbits for pets or production they will gain skills in record keeping and time management. In addition to caring for rabbits, encourage youth to participate in public presentations or community service activities to support animal rescue shelters. All youth can help others learn how to care for new animals. Each year, encourage children to set their own new goals.

If you have questions, comments, additions or suggestions, please contact Cornell University Department of Animal Science, Youth Extension Associate, Brian Aukema, in Morrison Hall. Phone: 607-254-1208 or e-mail: bj14@cornell.edu. Also look for new ideas on the Animal Science Department website at <https://cals.cornell.edu/nys-4-h-animal-science-programs/companion-animals/rabbits-and-cavies>

One original hard copy has been provided to each county 4-H office. Please make additional copies as needed. You may also request an original via e-mail.

May 2002

INVENTORY

RABBITS CARED FOR AT BEGINNING OF PROJECT YEAR

Animal Name	Number	Breed	Age	Sex	Value*	Value of Rabbit at end of project
Total						

* The price you would ask if selling the rabbit.
